TUCK'S POST CARD

CARTE POSTALE.

POSTKARTE.

By Appointment.

Ben A'n (1750 feet high) is a lofty and precipitous peak which towers above the wooded heights of the Northern Trossachs. The ascent is difficult from all sides except from the North, the view from the summit, including as it does the entire district of the Trossachs, Loch Katrine and the surrounding mountains, being of surpassing beauty.

(FOR ADDRESS ONLY.)

Ben A'n (3,350 feet high) is a lofty and precipitous peak which towers above the wooded heights of the Northern Trossachs. The ascent is difficult from all sides except from the North, the view from the summit, including as it does the entire district of the Trossachs, Loch Katrine and the surrounding mountains, being of surpassing beauty.

*Aug. 5-
 We took just "Oilette"
 Scotland. This country
 has two seasons, the
 cold and the colder.
 Don't know what
 is Ell.*
